

# Diamondback Terrapin Working Group

## MEMBERSHIP APPLICATION

The diamondback terrapin working group is a 501(3)c nonprofit organization dedicated to the study, conservation, and the perpetuation of terrapin populations throughout their range. Our membership is open to all interested individuals: researchers, resource managers, educators, students and hobbyists. Membership dues are used to support the administration of the working group and to provide funds for terrapin research, primarily for students that are members of the working group. Membership includes updates on working group activities, use of the working group bibliography, and eligibility to apply for DTWG grants. Please submit this form and a check or money order to for your member ship:

DTWG c/o Mary Hollinger
